Commander K. R. Ramkath I. N.

Bombay

Asst. Industrial Manager

27-10-58

Naval Dockyard

Dear Mr. Krishnan,

You may remember my leaving Delhi in June last. to take up the appointment of Asst. Industrial Manager in the Naval Dockyard at Bombay. As head of the Electrical department I am responsible for the Dept of ships in respect of Electrical and Electronic equipment. My work covers a fairly wide field and includes Wireless equipment, Radar and Submarine equipment and so on. It is quite an interesting job.

Recently there was an advertisement in the local papers for the post of a Chief Electrical Engineer in a Commercial firm of Shipbuilders.

I have applied for this job and have given your name as one of my references. I shall be grateful if you could find the time to reply the firm should they make any reference to you about me.

My father-in-law (Dr. Ramdas) I presume has come back from Tcherom and I hope that he had a successful trip.

Just that you have fully recovered your lost health and that you are not straining yourself too much.

With regards,

yours Sincerely
K R R
