July 25th 1955.

My dear Friend

Thank you for your letter of July 13th announcing your coming to Geneva for the Conference. I shall be away from the 3rd of August until about the 15th or 16th. But since you are staying until the 20th I can hope to have the pleasure to see you again after all these years during which we mutually missed each other.

Let me have your address when you are settled in Geneva or call me at the Phyr's Laboratory as I am rarely at home except before 7 am. in the morning

Yours sincerely
Wrigley
