

Jena, March 21st, 1956.

The National Physical Laboratory  
of India

New Delhi / India

Dear Sirs,

Having received the sad news of the sudden death, in New Delhi, of

Dr. Meghnad Saha

on the 16th of February 1956, allow us to express to you and to all India institutions who had the honour of collaborating with Dr. Saha our profound sympathy at the loss of so eminent a scientist.

May we be at the same time permitted to ask the National Physical Laboratory kindly to convey to Dr. Saha's family our deeply felt sentiments in their bereavement.

Respectfully,

VEB Carl Zeiss JENA  
Scientific Administration

*P. R. Goerlich*

P. R. Goerlich,

Prof. of Physics at the  
Friedrich Schiller University, Jena.
