My dear Krishna Iyengar,

I hope you had a comfortable journey  
back to Delhi.

I received from Sadasivan the details  
regarding his brother, T. S. Subramanian's,  
career and qualifications and scientific  
work. I enclose the same herewith. I  
shall be grateful if you will kindly  
propose his name for the Fellowship of the  
National Institute of Sciences of India, and  
get some suitable persons to second and to  
support. I think he is a very deserving  
candidate for a Fellowship.

I hope you and the members of  
your family are doing very well.  
You will be starting for Europe in a  
few days. I wish you a most enjoyable  
journey to Europe and back and a most  
successful and interesting time throughout.

With kindest regards  
— yours sincerely,  
M. S. Ananthaswamy Iyengar
