Paris 9th June 1937

Dear Professor Krishnan.

Thank you for your kind letter.

I was much pleased in learning that your circular trip through the chief towns of Europe is getting on as you like.

I shall be very glad to meet you soon in Paris.

No letter was sent to you in Bellevue.

I wish you have very pleasant days in Switzerland before coming back to France.

Please, receive my best regards.

Yours sincerely

P. Jaini
