	Nabta / Comb duck	"	a pair + 4 chicks (size like Common Teal + down also like)
	Blue winged <del>teal</del> teal	"	a pair
	Cliff swallow	"	Nest of > 60 birds occasional gracks, edge of plumage.
		"	a single bird sitting on clastic wire. Content fly till a stick was thrown at. Content fly far + give low over nest + settled on nest. was noisy.

	white ibis	medium-brown	a small flock (see?) Judy near the paddy field bank, tank
	spotted duck	"	a pair
30.10.86	Phasian tail fawn	"	some birds in bumpy dross & some juveniles
	Bronze nipl fawn	"	nigh tail is 2 downy and about chicks
31.10.86	yl hornbill	sulphur	3 birds - Chabonka. Probably 2 det. on Jety fives seen on 2 consecutive ds.
2.11.86	hatched bank eagle?	green	nigh wing bit. neck is a little? unkind brownish, tail is black, rump white also seen - 7.11.86
	marsh sandpiper	"	one / 2 is red + green streaks in the marsh.
3.11.86	spotted sandpiper	"	large flock gathering in marshes at late wing.
	small skylark	"	one nigh in 1 day. also heard elsewhere during the season.
5.11.86	grey-headed bulbul	dark-belted	a small flock in the maquis - Rhizophora.
	Ruf heron	"	several grey birds - immature also. flock near lagoon edge & try to sneak away in catch.
	green heron	"	very common, practically one / clump of maquis (Rhizo- phora) rising - checking call is checks etc.

Black capped king fish

Jaikutt

a pair? / rival  
males - fighty + chasing  
each other. Call like to  
WB king fish. in Rhizophorae.

Avocet

"

a flock of ca 20 birds  
in the salt pans along  
E green shak, red shaks (large  
flocks) + grey shaks, also

Duck

"

BH gulls. Avocet fighty +  
call other, jumping + kicking.  
single banded bit  
E + park

Curlew sandpiper

"

fairly common E  
flocks under

Red shaks

"

fighty - long shakles  
walking around, kicking.

6.11.86

Black wing duck

"

3 birds in the  
salt pan. Call  
'dang' very loud. Chased and  
by WB king fish in air  
for a long while. on 10.11.88  
there were 5 birds in same  
place.

Lesser sand plover

"

common in flocks.

stints - little +  
~~Remicinctus~~

"

large flocks. some definitely  
had white <sup>tail</sup> outer feathers  
while some did not. Flocks  
of several 100s in salt pans

Black wing kite

"

fighty? like E wings  
downward, head cocked down  
+ moving about in  
flock

Shank-billed gull

Sankitt 2 birds - young legs + feet  
no mirror on wing + no spot  
on ear. smaller one Belt  
gulls with white feet in  
salt pan.

Short-tail seagull

" 1 single bird above salt  
pan - carried by cross.

7.11.86

Little Cormorant

meson 2 pair in 1 Larnott  
salt-paddy marsh

Booby duck

" 2 single birds flying +  
calling - straggler?

Ducks . . . . .

" 2 large distinct roost  
of ca 5000 birds (the ca  
2 flocks) in the salt  
paddy marsh. ~~Agouti~~  
Pintail (major) + WF pochards.  
Large flocks fly in + out  
in the morning but mostly in  
and flocks seen at Uudigisi,  
Sankitt, Madragiri + meson

yellow winged

" 2 flocks in Larnott paddy  
field - few white under  
sub adults - half juv "

10.11.86

Broadbilled sculpin

Madragiri 2 a single bird in Curlew  
sculpin. smaller in size +  
not bunched up as in Dublin.

11.11.86

Grey heron

" ca /> 40 birds on the  
banks of salt pan.

Avocet

" a few birds in 1 salt  
marsh in the waders + gulls

Large wader

" possibly among 1 flock of  
other waders. BL should be  
high in flight - not distinctive

20.11.86

Bald

right bird starts calling  
chuckee... (Tribulation)  
from Encalyptra - some dead  
& left.

near the chimney  
birds (taken from Blyf-  
vati) right a roadside  
& fly in back of  
birds - front one.  
Bare like Panyang  
- upper tail with white  
edge - char.

in D'Auger's + RR  
mottled above, view  
etc.

small flock just  
mistaken for AB tern.  
bl long back & grey top  
& bl legs very char.

a pair on ground  
the birds take in  
1 wing. Also (probably)  
the one head in the  
dry forest of Arabidone,

a big flock coming down  
to drink in spring. in a  
few CT Swifts + one  
WRST Swift.

crossed one road (a pair)  
& nested on a fence  
tree in a clump of one  
Baldlight PWD stream.

a flock of ca 10 / >  
found on Calyptra nests  
in 1 sec. must see first  
at altitude ca 1000 m > MSL

a flock of 6 birds on  
the hill top above - see  
must see first.

4.1.88	Indian gyrfalcon	Daiduli	off to WSV in the fly low - large size
5.1.88	Heart of woodpecker	Jagallat	calls - piteen, piteen + Pili ti... like Hawk
6.1.88	Russet-backed thrush	Bon	swimming H'ing, MP bank
17.1.88	Antic rhino	lykhan	off shore - right charging julls - make noise > early.
17.1.88	Pennicillid stork	Mason	small flocks in stream waders - pale legs + scaly pattern, legs like quail tail long over wing tips.
17.1.88	Pink salmon	---	2/3 birds on mud flats very antic - short grey legs - behavior reminiscent of salmon - bobbing + wiggling.
14.1.88	P. mabil	lykhan - Mallap	darkish pl - males Pintail
15.1.88	Avocet	Mudragon	ca 20 birds in salt pan.
	Grey heron	---	ca 30 ca 15/7 in meadow 16.1.88
17.1.88	WBS loach	lykhan	a pair in nest on cliff in dry open forest + coconut pl.
16.1.88	Pintail	Mason	ca 5000 birds mostly males - in 2 large flocks.
	Little night heron	---	few birds in bush perhaps
	Little Pratincole	---	ca 20 birds

20.1.88

Wynand laughing Thrush

Castle Rock

a flock of ca 20 birds  
flying in a long E SW -  
blast + BH babbles -  
very noisy bird - picking  
up from road, like a  
herd of cattle / sheep walking  
over dry debris, edges of  
shrub range forest in  
Pockets of Lantana etc.  
close to IB, noisy call  
like frog babbles - but  
shriller - Pree - Pree, Pree -  
Pree.

21.1.88

Forest edge walk

-----

a single bird in pale  
underparts + long intermediately  
shrub 'claw' - out along  
edge of Pich shrub like  
large patch - further down  
1 stream run - did I  
see important legs?

21.1.88

Bulbuls

Castle Rock

- YBB + Black very com  
all around area in  
inside the town + in flocks  
in edges + Pockets.

20.1.88

Luteous laughing thrush

Alman

a few birds - conspicuously  
paler than but smaller  
than griff - in town -  
flying

21.1.88

Tree pipit (A. hodgei?)

Castle Rock

single bird in abundant callants  
at altitude ca 600m close  
to dense range shrub like forest -  
flew on to a low tree -  
no binoculars!

23.1.88

MB S... ..

Kasikowadi  
(Karambal)

very 'wicker wicker' like  
P... .. - another like  
Y... ..

23. 1. 88

Red spurfowl

Arrow  
Kerkowah

very vocal.  
kuk. kuk. kut. + a rattling  
call like wB into him

2. 2. 88

Great Indian heronbill

Kulgi

a pair seen flying  
in ring on 1st. The  
same pair? sister in front  
of 13+ called out - one  
started to show quite a head  
pulled up (also head in front)  
later both in front & held  
pulled up like crane - back  
vertically up - series of calls  
like roaring -

The pair not seen on 4th but  
on 5th by one seen -  
Insignificantly (berries?) +  
mouth to mouth feeding + love-  
making - shot on 1 saw  
two - but left camp in  
evening.

Barn swallow

---

call at day + night  
Koo-koo, koo koo  
call in camp night -  
oo oo oo oo - probably a  
sharp cry like drying cat

4. 2. 88

Red spurfowl

Kulgi

late evening (dark) calls.  
Kewit kewit...  
ke ke ke ke ke ke ke...  
Kerrrrrrr... keke...

5. 2. 88

Indian woodpecker

---

Peck, pair wing tapping  
& bill rest - & material  
in back.

---

CH Bonyard

---

display flight in swoops  
like Imperial pigeon later  
& wings held upright + quivering  
like butterfly.  
very vocal - whistles also  
at night.

10.2.88

Large bird with  
~~Head yellowish~~

Vākihaha

Call 'moo-oo' [su-wook]  
like 'moo-oo'. dusky like  
YTB & clear white wing  
bar + brown. underside  
dusky. inside wings faded

Propion

Vākihaha

Call like broody hen.  
88 ten tail?

Brown Hawk owl

Kadua

a pair in the cage  
Call ooo-ot, ooo-ot,  
ooo-ot. saw them  
the next day & also  
on 24<sup>th</sup> Feb 88 near the  
pen.

23.2.88

Red whistled bulbul

Palapa  
(Nuij)

Nesty, & nested  
in back

24.2.88

Dusky Hawk owl

Nuijin

along the river  
Call Hoi-Ho Ho Ho  
Ho Ho Ho. emphasis  
on Hoi + 1 'em in  
quick succession (daytime)

29.2.88

S. longtailed nightjar

Nuijin

fully perched on tree  
stop like passerine while  
calling at dusk.

2.3.88

Black tit

Huimane

in deep thicket.  
Fluty + jogg a bit  
like warbler also  
the call.

Fanther nightjar

Ambala

night - dusk +  
handlike chirp.  
Call chant-like.

17.3.88

NQ Babbler

Balga

nest on pipe vine in  
Aca. plantata.

23.3.88

Darkie curlew

Dutog

calling 'coo-oo' p-p-p  
a pair? In Casuarina  
trees.
