Dr. K.S. Krishnan,
Director,
National Physical Laboratory of India,
New Delhi,
India.

Dear Dr. Krishnan,

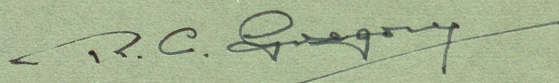

You will doubtless recollect my visit to you towards the end of January, and I would like to take this opportunity of thanking you for the extreme courtesy which you extended to me; also to thank Mr. G.D. Joglekar for giving up his valuable time to show me around the N.P.L. which, needless to say, I found of much absorbing interest.

I expect you will recall your request to me for a few ounces of Madagascar and Ceylon Crucible Flake, and you may have been wondering whether I had remembered your need. This letter is to let you know that I am sending off to you this week, by sea mail, a glass jar of each, the jars being clearly labelled.

I hope that this will replenish your stock, most of which you have generously given away.

With kind regards,

Yours sincerely,

(R.C. Gregory)
