Dear Dr. Sengupta,

Thank you for your letter of 12th
April which had been lying with me unreplied.

Aasheesh Pittie, 8-2-545 "Prem
Parvat", Road No.7, Banjara Hills,
Hyderabad - 500 034, has been developing
an index on various publications including
the Newsletter, and I wonder whether he
will be able to help you. I am passing on
your letter to him and I am sure he will
let you know what he can do.

Yours sincerely,

B. Sengupta

Dear Sir

One of my M.Sc. (Zoology) students at this Department has been assigned a Review work on "Insectivorous Birds" for his M. Sc. degree. For this work he urgently needs reprints of publications in this field.

Since your magazine has made notable contribution in the concerned area of research by publishing articles/papers in the related subjects, I would humbly request you to please send me the reprints of those valued publications at your earliest. If required, I shall pay you the photocopy charges and/or mailing cost, and in such case please also convey to me the mode of payment.

Thank you for the courtesy.

Yours sincerely

DIPANKAR SENGUPTA

Assistant Professor and
Head of the Department of Zoology

p.s. I would particularly be interested in articles covering the following aspects :

1. Insectivory of birds,
2. Preference of particular insect groups by certain birds,
3. Insect pest control with the help of birds,
4. Insect predation by birds: ecological views.
