Memorandum concerning Messrs Iyengar and Sunderarajan from the Director.

.....

Messrs Iyengar and Sunderarajan who were both allotted to the Cosmic Ray Group for work with Dr. Bhavsar and Dr. Nerurkar after consultation with them, have expressed the desire to change their subject of research and to work with Dr. Kane.

The question has been discussed on various occasions with the individuals concerned, their guides, Dr. Kane and last of all in a joint meeting at which the following were present.

Dr. Sarabhai, Dr. Pandya (Acting Dean for Courses), Dr. Bhavsar, Dr. Nerurkar, Mr. Iyengar and Mr. Sunderarajan. In the discussion, it has been conveyed to the students concerned that

- a) The laboratory in general does not approve students changing their subjects and supervisors after having once been allotted after joint consultation. The laboratory does not have standards of achievements in one subject which are different from others and the time period which is normally required does not change in an experimental field from one subject to another.
- b) It was noted that no serious attempt was possible on behalf of the students due to various circumstances, some of which were outside their control, to fully appreciate the nature of the research work which they would be called upon to undertake. It was also noted that without first discussing with their own guides they had discussed the question of change over with other Faculty members, a course which is not desirable for smooth working. However, in consideration of the fact that the policy of the laboratory has slowly evolved during the past and that one was not writing on a clean slate, it was decided as follows:
 - c) Either Mr. Sunderarajan or Mr. Iyengar would amongst themselves decide immediately to change over to Dr. Kane. The other would continue in the present section i.e. under

Dr.Bhavsar and Dr.Nerurkar for a period of one month make an honest attempt to understand the nature of the work that is proposed and scientific significance of the same. Dr.Bhavsar and Dr.Nerurkar would between them arrange for suitable opportunities to be provided to the student concerned to acquaint himself fully with the situation. It is hoped that at the end of the month there would be sufficient appreciation of the scientific interest by the student for his continuation in the present section. There was of course no question of prejudice on the part of the guides against the students on account of the past incidents in this regard.

- d) It was made clear that if at the end of the month the student still feels that he wishes to make a change to Dr.Kane's section, he would come and discuss the question once again with the Director.

Dr.Rastogi may kindly ascertain from the two students who is to opt to Dr.Kane immediately and on Dr.Kane's concurrence, the student should report to Dr.Kane immediately and the other one should work in the same section and bring his report on the 15 December.

Ref: Your letter dated 27-6-67. No.3.1.13.67

Dear Sir:

Thank you for the letter quoted above.

You had asked in that letter to produce certain certificates and make certain affirmations. Quoting the paras and sub-paras of that letter I am giving here as to what actions I have taken or will be taking regarding them.

Para 2

- (i) I will be producing a certificate of fitness in a day or two.
- (ii) I am unmarried
- (iii) I solemnly affirm that I owe my allegiance to the constitution of India and I take the oath of secrecy.
- (iv) I will be producing in your office the original documents regarding nationality etc.
- (v) I have not applied anywhere for fellowship/scholarship nor have I appeared for any competitive examination for admission to a service.
- (vi) I will not apply for any post or scholarship/fellowship elsewhere without prior permission to be obtained in writing from the competent authority.

Para 4

I am not under any obligation to serve a Central Government Department, a State Government Department or Public Authority.

Para 5

I accept the offer of appointment.

Yours faithfully

(Y.Sundararajan)

Sub:- Application for reimbursement of medical
expenses incurred in operation.

Dear Sir:

I was having a left hydrocele for sometime which was to be operated. Due to the tight schedule because of the commitments of the transponder project, I could not get it operated as a rest period of two to three weeks after operation is required.

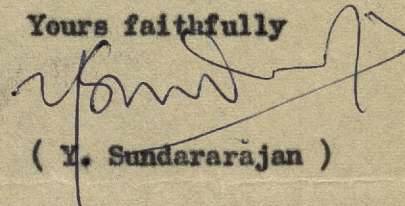

Coming back to Ahmedabad after rocket firing, I had to get my aged uncle operated for eye cataract. Then I decided to go ahead with my operation at earliest possible date, so that I can actively participate in the project work.

Here I am staying with my old uncle (66) and aunt (61) who do not know any language other than their mother tongue. So for the operation, since I will be laid up for few days, I went to Bombay where my sister would be able to help me.

I am attaching herewith documents for doctor's charges, medicine bills, prescription etc. Kindly consider my case for possible reimbursement of expenses incurred.

Thanking you,

Yours faithfully

(Y. Sundararajan)
