

Founded 1826

Burke's Peerage Baronetage and Knightage

180 Fleet St., London, E.C.4
Chancery 8844

September 1948.

Dear Sir,

Enclosed is a Printer's Proof of your Biography and Family Record, just as it has been compiled by our Editors for the new BURKE'S PEERAGE.

To ensure that all particulars concerning yourself and your Family are complete and accurate, will you be good enough to check this Proof, make any necessary corrections, and return it at once? This matter is urgent, as sections of the Work are now being passed for press.

May I also suggest that you fill in the Application Form on the Proof, because it is your last opportunity to secure, for your permanent possession and record, a copy of this Entirely New PEERAGE containing the complete account of your Life, Career and Achievements. For paper rationing restricts us to printing only enough copies of this monumental Volume to meet advance orders.

As this is the first BURKE'S PEERAGE to appear since 1939, it will include an unprecedented amount of new entries and alterations. Not only will it contain completely re-written and up-to-date Biographies of 40,000 members of the Titled Class, but the famous Reference Sections, such as the unique ORDER OF PRECEDENCE, are being entirely revised and extended. Both for its personal interest and for its wealth of authoritative information which you cannot obtain elsewhere, this 2,500-page Work will prove of constant value and pride to you and your family.

But I urge you to act now to secure your copy. So please be sure to sign the Application Form on the enclosed Proof -- and post today.

Yours faithfully,

J. P. [Signature]

As no Edition of **BURKE'S PEERAGE** has appeared for ten years, owing to the war, this First Post-War Edition is being re-edited, revised and re-set throughout. A superbly-produced Volume, it will extend to 2,500 pages and constitute the only complete, up-to-date Reference Authority on the Titled Class.

It must be a **STRICTLY LIMITED** Edition, for paper rationing restricts us to printing only enough copies to supply those who place their orders in advance.

Because it contains your new Biographical Article and records all changes and developments in your own and other Titled Families during and since the war, you will naturally want to secure a copy. But to do so **IT IS ESSENTIAL THAT YOU SIGN AT THE FOOT OF THE PAGE BEFORE RETURNING THIS PROOF.**
