Dear Dr. Krishnan,

I am very pleased to hear that you are coming to Europe and likely to be in Cambridge early in June. We shall be delighted to see you. I expect to be here till the end of term on 9th June and then I may be away for about a week in Holland. If you decide to come, I should be glad to know in good time what date you are likely to arrive. I hope you will have a good time at the Strasbourg Conference.

With kind regards,

Yours sincerely,

J. E. Leonard-Jones.
