Sir,

At the first outset I would request you to pardon me for writing this letter to you, I don't have any previous acquaintance with you. yet circumstances forced me to write to you. I am the son of Sr. Thiruvady Krishna Sengam of Walaip.

I have joined duty in T.V.S Motor Company which is the largest motor transport company in India ~~at~~ eleven years before. I have been transferred from Timmavally where I was formerly working, to Trivandrum to be in-charge of ~~this~~ the office here, only last month my mother is not doing well. She needs my presence frequently. I find it very difficult to go to Walaip which is far away from Trivandrum.

Besides I expected ~~myself~~ that I will be installed as manager. ~~I~~ I possess the requisite qualities. I am 6 feet one inch in height having 179 lbs in weight. I am aged 30. I am really sorry that I could not meet you while you were to Walaip.

I am ~~also~~ in the good book of the management. I tried my level best not to give you troubles.

But the condition of my mother made me to approach your help. I even have my own doubts whether you will ^{find} leisure to go through the contents of this letter in the midst of your multifarious ~~and~~ engagements.

You need not hesitate whether I am fit to be recommended to my Managing Director. With a view to make you to form good impression on me I give below the reports of my superiors recorded in my personal records, in various places, such as Puthur, Peripattalam, Cumbam, Trichy, and Timmerally by various officers.

8) ~~CONSISTENT~~ CONSCIOUS OF HIS WORKS AND TRICHY
OTHER WORKS ALSO

TAKES KEEN INTEREST IN GENERAL

9) VERY CAPABLE

10) SATISFACTORY

11) EFFICIENT

It is needless for me to emphasize that however intelligent or efficient one may be one cannot ^{please} come up without proper recommendations. If you write letter to Sri T.S. Krishna or Sri T.S. Rajam to take me as manager at Timmerally. I specially Timmerally because I can have the chance of going wateap and be helpful to ^{my mother} ~~her~~ in her last days. I would be under obligation to you, if you would kindly, do this help.

The Address of my Managing Director :-

SRI T.S. KRISHNA

MANAGING DIRECTOR

T.V.S.

PATHURAI

T.S. RAJAM

CHAIRMAN

T.V.S.

PATHURAI

My father has informed me that he is expecting reply to his kumbh kaman address from you.

Some days back I was advised that my mother contacted you at Wafnap and represented my grievances for redress. For your information I like to inform you that I know something about Sri Sankarā's and Sri Ramanāya's philosophy. From my experience I ~~can~~ came to know that the ~~good~~ goal of life the ~~best~~ highest achievement of man is to get himself completely detached from his false identifications with body mind and intellect and come to realize ^{himself} to be nothing other than that divine spark which is the director and controller of all the activities manifested in its outer envelopments.

REASONS FOR THE TROUBLES: - Being again and again entangled in the intricate maze of delusion and hard hit by borrow and attractions the eye will turn of itself to one's own real nature the inner self.

WHAT IS THE AIM OF CREATION: - The aim of Creation of OF MAN BY GOD is - man by God is to attain the latent potentialities and mysteries of the Soul.

WHAT IS LIFE in Life is Current and ^{the} Current of events
(1) Life is only series of experiences.
(2) Life is nothing but a dream.
(3) Life is just like a candle flame in the wind.

WHAT IS DEATH The moment the physical structure of the body ceases to experience we call it as dead.

WHAT IS MEDITATION: Meditation is the process by which the mind soaring over the summit of spiritual enquiries bows ~~that~~ itself into nothingness.

GOD God is not ~~an~~ object of mere speculation. God is realizable. one can talk to God. But by mere wish one cannot realize God. one should undergo certain mental discipline.

Besides misery comes not by work but our getting attached to something. Happiness presents itself before man wearing the crown of sorrow on its head. If one shoes on one need not fear for thorns. If one has the conviction that God alone is real and nothing else, then talk of wealth will be getting.

I pray to God to bless you with long and prosperous life.

Yours sincerely,

T. V. J. J.

(T. K. JAHANNATHAN).
