No.3, Pusa Road,
New Delhi

Dated, the 27th July, 1951.

My dear Dr. Pal,

I am extremely grateful to you for appointing me an examiner for the theses of the 2nd year students of your Agronomy Division, which I am sure has been done by you only. The change in the Directorship of the Institute is perhaps responsible for this consideration to one who has served the Institute for more than a quarter of a century.

Thanking you again and with kindest regards

Yours sincerely,

R. D. Bose
