Allahabad, India

Dr. C. V. Raman  
1937 W. Main St  
Stamford, Connecticut  
U.S.A.

Dear Sir K.S.:

a copy of  
I am sending to you <sup>the</sup> only  
satisfactory picture that I got of you  
while attending the Conference in London.  
I have some group pictures which I may  
send after I get them converted to black  
and white and enlarged. Many of the  
pictures are in color and can not be  
duplicated easily until they are converted to  
black and white. In the meantime  
you may notify me if you wish any  
of the pictures of the other scientists at  
the meetings. I should be glad to  
send them to you.

I enjoyed your presence at these  
conferences which to my mind were  
a great success.

Yours very truly,  
Dan M. S. Fairbank
