

ED/3500 /70

May 27, 1970.

Dear Mr. Govindchand Achhai,

Your child Mulchand aged 1½ years and your wife Nanki came to me for blood examination on 29.4.70 referred by Wadia Children Hospital.

At the suggestion of the doctor who treated your child, you came to me on 14.5.70 for the examination of your blood. I now find, as I had indicated to you in person, that a detailed examination of your other children is very necessary. This is useful for the children to know whether there is any abnormality in their blood and help them when they grow up. So please arrange to bring them on any working day (Monday to Friday) preferably in the morning. You can come directly to Room No. 211 at this Institute and can go back the same day. I am also interested to know how your son ( Mulchand ) is progressing.

If you drop a post card before you come, it will be useful.

Thanking you,

Yours Sincerely,

P.K. Sukumaran,  
Scientific Officer.

Mr. Govindchand Changurmull Achhai,  
( Grain Merchant ),  
Room No. 243,  
Sindhi Colony,  
Ahmednagar, Maharashtra State.
