No. DIR/B-6

March 20, 1989

Dr. M.S. Swaminathan,
B-4/142, Safdarjung Enclave,
New Delhi - 110 029.

Dear Dr. Swaminathan,

I would like to convey my deepest thanks to you for the valuable guidance and support you provided in the organisation of the International Conference on "Global Warming and Climate Change: Perspectives from Developing Countries". The Conference itself has been very well received throughout the world, and has made an impact on people concerned with this subject.

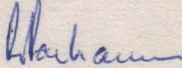

TERI wishes to follow up on some of the recommendations of the Conference by setting up a formal programme in this area. We also, as you are aware, have a major interest in building up our biotechnology activities, particularly in relation to applications to forestry and some aspects of agriculture.

My colleagues and I in TERI would feel deeply privileged if you would kindly accept our invitation to associate yourself with this Institute as a Distinguished Fellow in an honorary capacity. We would provide you with appropriate office space and infrastructural support, so that your unique guidance and support are available to us as an Institute and through us to the country as a whole.

I do hope it would be possible for you to accept this invitation.

With kind regards,

Yours sincerely,

(R.K. Pachauri)

M.S. SWAMINATHAN

March 27, 1989.

My dear Dr.

I thank you for your kind letter of March 20, 1989 inviting me to serve as a Distinguished Fellow of TERI in an honorary capacity. I shall be very happy to do so since I have the highest regard both for TERI and for you personally. TERI's work is of great relevance to our national needs and it will be a privilege to be associated with the follow-up of the Conference on "Global Warming and Climate Change".

With warm personal regards,

Yours sincerely,

(M.S. Swaminathan)

Dr. R.K. Pachauri,
