Committee for Establishment of
COMMISSION ON FOOD FOR PEACE
2352 Stonehouse Drive

Dear Dr. Swaminathan:

What a pleasure to receive your letter of December 20, 1988, regarding the establishment of the Commission that we had discussed several years ago. I know how long you have been pondering this idea and believe that your leadership will be instrumental.

I would of course be honored and pleased to serve as a Founder and member of the Commission.

Thank you for this opportunity.

Sincerely,
