Respected Sir:

I have received your letter of 10th instant just today and noted the contents. Indeed I would have been happy if the share of your royalty could be sent to you before 15th as desired, but unfortunately due to administrative reasons it has taken sometime. The bill of other scientists including yours is under preparation and I hope by the next 8/10 days time remittance will be made to you. As regards the calculations shown by you towards the rate of income tax deductions, I am not sure if that is correct. On enquiry from my office I find that the deduction rate is something more than what you have mentioned in your letter. I am herewith sending you a copy of the order of the Govt. of India regarding the rate of deductions of income tax which I hope will help you to know for sure the correctness.

I shall be too glad if I could be of any assistance to you for any matter as you may wish me to do.

With respectful regards,

Yours sincerely,

(B.K. Banerjee)

Respected Dr. Subrahmanyam :

Your two letters dated 25.8.75 are in my hand. I have read your letters and accordingly a separate bill has been prepared for you which I have signed for payment in full of the royalty. I can assure you that a demand draft will be sent to you in a day or two. In the meanwhile could you kindly send me a copy of the CSIR circular letter No.2/50/67-CDN dt. 29/30-11-71 wherein the Council has indicated the exemption of 40% royalty payable to an individual being exempt from tax. This circular letter will help me to deal with other cases.

Hope this will find you in good spirit and health.

With respectful regards,

Yours sincerely,

(B.K. Banerjee)
