

Dear Sir,

22-12-80

I understand that the third interna-
conference on environmental mutagens is
to be held in Tokyo from 21-24 Sept
1981. I have been engaged in the study
of fish as an in vivo cytogenetic model
in the detection of potential mutagens
I wish to present some of this data at an
appropriate session of the above conference
(data consists of cytogenetic findings
Mitosyn C as well as certain heavy
compounds on a fish species, we have
chosen as a model in our studies) I
be highly obliged if you will send me
some details regarding the above confer-
After hearing from you I shall submit
necessary abstract if you think such a
is suitable for presentation.

Looking forward to hear from you at
early date.

Thanking you and with kind regards

Yours truly
K. Prishnada

Dr. Yosito Simō

Managing editor.

September 26, 1981.

The Managing Editor,
'CYTOLOGIA', Faculty of Science,
University of Tokyo,
Tokyo. Japan.

Sir,

This has reference to your letter dated May 8, 1981 intimating your acceptance of our paper titled "A Cytogenetic Study on the Gambusia affinis population from India" for publication in your esteemed journal. As we have not heard anything further from you in this connection, we would like to know as to when we can ^{pec}except the galley proof of the same.

Thanking you and with best regards,

Yours sincerely,

KRISHNAJA, A. P.

Bunkyo-ku, Tokyo, 113 Japan.

Dear Dr. Sinoto,

This has reference to your letter dated May 8, 1981 intimating your acceptance of our paper entitled "A cytogenetic study on the Gambusia affinis population from India" for publication in your journal. In spite of repeated reminders (3 in all) I have not heard anything from you in this connection. I would like to know how soon we can expect the galley proof of the same.

Thanking you and with best wishes,

Yours sincerely,

(Krishnaja, A. P.)
