Dear Miss Krishnaja:

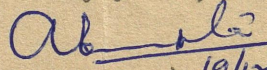

Please accept my congratulations on your successful completion of the Ph.D. degree programme. I was happy to know from your letter that you received the degree on 1st December. I am sure you must have been able to do good work for your thesis research.

Your plan to get some post-doctoral assignment abroad is a good one and I wish you best of luck in your efforts. I have no plan to attend the forthcoming Annual Session of EMSI which is scheduled to be held in Calcutta.

I do not know whether you would be interested to come again to PAU. In case you are, we could inform you about a suitable job whenever it comes up.

With best regards,

Sincerely yours,

  
( A.K.Gupta ) 19/12
