

CONFIDENTIAL

Warden's Office,
New Hostel
21 November, 1950

Director

On the morning of the 17th instant Mr. Anirudha Misra a student of Agronomy Division reported to me that his watch had been stolen from his room between 7.30 and 8 A.M. that day. The same evening he came to me and said that he suspected Mr. R.S. Bhatnagar of Entomology Division and suggested that I should search his room. Before I could decide what course of action should be adopted, Mr. Misra lodged a report with the police. The police made a search of Bhatnagar's room on the afternoon of the 18th in the presence of Mr. S.Sen, Agronomist, and recovered the stolen watch.

As a result of my private effort, the police case which is in police custody will, in all likelihood, be dropped, and the watch will be restored to Mr. Misra. It is now for consideration what action should be taken against Bhatnagar.

R. Prasad
Warden
