Dear Mr Futehally,

I am sorry for the delay in replying to your letter dated 30th January 1988.

As required, i am enclosing 3 sets of updated subscriber lists. To save paper, i have printed on a single sheet 3 sets of addresses from a State which has very few subscribers eg., Tripura, Pondicherry, etc. You will have to be a little careful there. Further, the 3 lists for Kerala are printed continuously. I am sorry for this, but i did not have the heart to discard this printout and do it again. Next time it will be right.

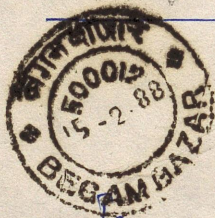

If there is anything else i can do, please do not hesitate to write.

Yours sincerely,

Encl: 3 sets of subscribers' address labels.

I noted your instructions carefully and have cut out the 3 sets as suggested by you.

Though I cannot compensate you for the trouble and effort involved, I hope you will accept this small cheque of Rs.50/- at least to cover the postage involved.

Dear Mr Futehally,

Thank you for yours of 22nd Feb and the thoughtful contents therein. After thinking about it i have decided to give the amount as a donation to the Birdwatcher's Society of Andhra Pradesh.

Please do not think that i do not appreciate your consideration. What i am doing for the NFBW is very satisfying personally as this is one magazine of its kind which has enthused in me the birding tick. I enjoy doing the labels for the NEWSLETTER. Please do not deny me this little pleasure. I am sure you understand. I am also certain you will approve the donation.

Thanking you once again,

Yours sincerely

Dear Mr Futehally,

As per your letter dated 2nd instant, i am enclosing 3 sets each of the address labels, printed statewise and alphabetised. There are also 3 sets of the foreign subscription labels.

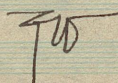

With your letter, there was an MO slip from one Sudip Karnavat. I do not know his address as it is not on the back of the slip. It does not already exist in our lists. Kindly send his address with your next letter so that i can incorporate it in the mailing list. I am returning this slip to you.

I have made some changes this time. The paper is unruled and the print smaller, so that i can get twice the usual number of addresses on a page. Also, lists for each state follow one another without a page break. For convenience i have numbered each list in pencil in the right margin.

I hope you have received copies of PITTA, the Birdwatcher's Society of Andhra Pradesh's monthly bulletin. If there is anything else, please let me know.

Best wishes,

Yours sincerely,

Encl: as above.

My dear Aasheesh,

Many thanks for sending me three sets of the subscription list which I saw only yesterday after returning to Bangalore. I will go through the list carefully and write back if I have any comments.

I need hardly mention how grateful I am to you for your assistance.

Dear Mr Futehally,

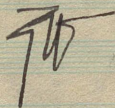

I have this mania for indexes. Eventhough Indian Ornithology suffers from 'lack of data', what data exists, is many a time useless because it has not been indexed:

To get to the point, i have enclosed an index of the 1st issue of the NLBW (Vol. 28), which i compiled on my computer. Please go through it and let me know your comments. If you feel my 'project' is worth the while, here is what i propose doing.

Each volume will be indexed by bird species. I will not go to subspecific level. Scientific nomenclature being universal, the index will be in this medium. I also feel it important that places in India, to which the bird notes pertain, be indexed. I propose to keep these at state level. It is easier, i feel, to look up something for Karnataka, than for Dodda Gubbi! You will find a couple of such indexes in the enclosure. Some articles or notes give prominence to a particular aspect of the avian world, rather than to a species or place, eg., migration, etc. This too should be indexed under appropriate heads. There is an example of this too! If you would like to send me a list of such types of heads for indexes, i'd be grateful. If you feel i should go ahead myself and at the end of a year (6 issues) send you a copy of the index and then you make corrections / alterations, that too is fine with me. The main aim is the work. Who knows, if this gets through, maybe after a 5 or 10 year period we shall be in a position to bring out a consolidated index for 5 or 10 volumes!

I wait eagerly for your reply.

Yours sincerely,

Dear Rashish Pitre

Your proposal to have a species index obviously needs to be carefully discussed. I will be in Hyderabad on the 24<sup>th</sup> for three days & I will get in touch with you. If for any reason I cannot establish contact I will write to you after my return, after the implications of the index, and the manner in which it can be made most useful are well understood.

Dear Aasheesh Pittie,

I am sorry I was unable to contact you during my recent visit to Hyderabad.

I am still considering the most useful way in which an index of our Newsletter can be prepared. I will write to you again within the next few days.

Yours sincerely,

Zafar Futehally

Dear Aasheesh Pittie,

I must now reply to your letter of 11th June,  
regarding the index of the Newsletter for Birdwatchers.

How about attempting a limited index of species  
and habitats and perhaps of authors. The newsletter  
suffers from having a wide range of articles as far  
as quality is concerned. Some are only included to  
encourage the writers. Some are very good and some  
are middling. I think you will easily be able to  
identify the worthwhile notes, and on that basis the  
index could be prepared. I think trying to have a  
comprehensive index of species would really be  
unnecessary. Let me know what you feel about it,  
and again, many thanks for this excellent plan.

Yours sincerely,

  
Zafar Futehally

Dear Aasheesh Pittie,

Thank you for sending me Pitta.

May I trouble you again to let me have three sets of addresses for the Newsletter for Birdwatchers? I am enclosing some Money Order receipts and letters from which you will see the additions, subtractions and changes to be made. Thank you very much and I shall expect to have these lists by about the 20th of this month.

Yours sincerely,

Zafar Futehally
