ACADEMIC COSTUME

ACADEMIC GOWNS represent a tradition which comes down from the universities of the Middle Ages. At that time they were a common form of dress and were retained by the clergy when the laity adopted more modern styles. The caps, originally round, later became square mortar boards. The hoods attached to the gown were originally cowls which could be slipped over the head for protection from the weather.

The significance of the costume is indicated especially by the sleeves and hoods. The bachelor's gown has pointed sleeves; the master's gown has long, closed sleeves; and the doctor's gown has bell-shaped sleeves and velvet trimmings.

The colored velvet border of the hood indicates the field of study to which the degree pertains, as do the tassel colors. (See Processional, page 2.)

The colorful lining of the hood indicates the institution from which the wearer received his or her degree. The lining of the Harvard University hood, for example, is crimson; Yale, blue; Wisconsin, bright red; California, gold; Washington, purple above gold; Oregon, lemon yellow and dark green, Stanford, cardinal; Oregon State, burnt orange.

Your Graduation on Videotape

A videotape program of the 1988 Oregon State University Graduation Ceremony will be available for purchase by graduates, relatives, or friends. The program will be professionally produced in high-quality color and will be narrated by Shirley Howard, OSU alumnus and Oregon Public Broadcasting radio and television host. You can capture and retain this important life event by contacting:

OSU Communication Media Center
Kidder Hall 109
Oregon State University
Corvallis, OR 97331
Phone: (503) 754-2121

The cost of the cassette is \$40. Please allow three weeks after graduation for delivery.

Flowers in the auditorium are *Eremurus*, commonly called Desert Candle or Fox-tail Lily. The flowers are from the gardens of OSU graduates A.J. and Glenna Walker Stone of Amity.

DISTINGUISHED SERVICE AWARD

Upon recommendation of the Faculty Recognition and Awards Committee, the Faculty Senate of Oregon State University has selected the following recipient of an Oregon State University Distinguished Service Award:

ROBERT MACVICAR . . . leader, builder, and president, 1970-1984, of Oregon State University, an institution which continues to reflect his tireless devotion to the ideal of the University as a unique combination of people and programs dedicated to serving others. A staunch proponent and personification of the land-grant university concept, he was a successful builder of close ties between the people of the state and their University. He developed private support for the University, leading to a 15-fold growth in annual giving and an 11-fold growth in foundation assets. He initiated programs of affirmative action for women and minority faculty and students. The faculty accomplished a three-fold increase in research to benefit mankind, and 48,000 students successfully completed degrees under his presidency. Today Oregon State University, through its Distinguished Service Award, recognizes his exceptional contributions to the people of Oregon and the world—where OSU graduates are reflecting his ideals of education and service.

THE COLLEGE OF VETERINARY MEDICINE

L. D. Koller/Dean

Oregon State University offers the degree Doctor of Veterinary Medicine (D.V.M.) to those students who have satisfactorily completed a minimum of three years of preveterinary medical courses and four years of professional veterinary medical training. A portion of the professional training program is procured by OSU through a formal cooperative agreement with Washington State University and the University of Idaho, whereby the students move to Washington State University to receive training.

HONORARY DOCTORATE AWARDS

Upon recommendation of the Faculty Committee on Honorary Doctorates, and with the approval of the State Board of Higher Education, the President of the University has selected the following recipients to receive an honorary doctorate:

DR. NORMAN E. BORLAUG

Winner of the Nobel Peace Prize in 1970, Dr. Borlaug is internationally known for his genetic engineering accomplishments with wheat. Known as father of the "Green Revolution," he genetically changed the wheat plant so that it is insensitive to daylength, enabling countries near the equator to make wheat a major food crop.

As a result of Dr. Borlaug's work, an estimated 175 million more people are being fed in India without aid from other countries. His new strains of wheat have been easily adapted to developing countries and Dr. Borlaug has worked directly with the governments of those countries, prompting them to examine their policies toward agricultural production and research.

His commendation for the Nobel Prize called Dr. Borlaug the one single person above all others who has helped provide bread for a hungry world.

DR. M. S. SWAMINATHAN

For more than a quarter of a century, Dr. Monkombu S. Swaminathan helped shape the agricultural policies of India and his work as a geneticist resulted in strains of wheat, rice, and coarse grains that would readily grow in India.

In 1987, Dr. Swaminathan received the first General Foods World Food Prize, a \$200,000 award which recognized his contributions to improvement of the quality and quantity of the world's food supplies.

He has also carried the battle against hunger beyond science. Dr. Swaminathan is known for recognizing the importance of women in agriculture, especially in developing countries, and has worked with governments and agencies to initiate programs and policies to help them do likewise.

Today Dr. Swaminathan is director general of the International Rice Research Institute in the Philippines.

DR. KENNETH B. CLARK

Noted psychologist Kenneth B. Clark has been a pioneer in the civil rights movement in America. He wrote a study cited by the U.S. Supreme Court during its 1954 decision outlawing segregation in our schools. His study revealed that segregation causes psychological damage in children.

A faculty member with College of the City of New York since 1942, Dr. Clark founded Harlem Youth Opportunities Unlimited, which was a major component of President Lyndon Johnson's "War on Poverty" program. A noted author, he wrote "Dark Ghetto: Dilemmas of Social Power."

Dr. Clark and his wife also founded the Northside Center for Child Development.

Dr. Clark heads Clark, Phipps, Clark & Harris Inc., an executive consulting firm specializing in affirmative action in race relations matters.

SENIOR HONORS

Senior Honors are conferred each year by the Faculty Senate on those candidates for the baccalaureate degree who have maintained high scholastic standing in their respective colleges and schools and who have been in attendance at Oregon State University for at least two regular academic years. The designation WITH HIGHEST SCHOLARSHIP is conferred upon those students graduating with a cumulative GPA of 3.75 or better; the designation WITH HIGH SCHOLARSHIP is conferred upon students with a GPA of at least 3.25, but less than 3.75.

Those who are graduating WITH HIGHEST SCHOLARSHIP are wearing gold honor cords. HIGH SCHOLARSHIP graduates are wearing orange honor cords.

GIFTS

Oregon State University gratefully acknowledges the receipt of many gifts to the institution. These gifts from individuals and organizations significantly benefit students, faculty, and programs. Student awards are described in the catalog and a partial list is recorded elsewhere in the commencement booklet.

Oregon State University Foundation

The Oregon State University Foundation is the nonprofit corporation through which interested persons or organizations may make gifts to Oregon State University. Outright gifts of cash, securities, and real and personal property, and deferred gifts such as bequests, life insurance, and life income agreements have brought many benefits to Oregon State. The Foundation fills the need for a legally sound, inclusive, and permanent agency apart from, but working in close coordination with, the University.

Funds received from all sources into the Foundation for the fiscal year 1987: \$16,116,211.

The E.R. Jackman Foundation

The E.R. Jackman Foundation is an affiliate organization of the Oregon State University Foundation. As the development arm of the College of Agricultural Sciences, the E.R. Jackman Foundation seeks money in support of scholarships and student enrichment programs outside the classroom, and to support the teaching, research, Extension and International programs in the College.

Oregon State University Library

GIFTS AND MEMORIAL BOOKS

Gift books, memorial books, and cash donations play an important role in the Library's acquisition program. Through the OSU Foundation, the Library received \$36,139.42 from gifts and memorial book funds. Memorial books constitute an enduring tribute from individuals and groups to deceased relatives and friends. During the last year, 160 volumes memorializing 21 persons were added to the Library. Each of these books has a special bookplate recording the name of the person memorialized and that of the donor.

In addition, the Library's collection was enriched by 1,372 gift books from individuals, groups, publishers and firms, with an estimated value of \$21,522.64.

The Memorial Book Plan, originated in 1943 and originally sponsored and promoted by the Friends of the Library, Oregon State University, has grown over the years and is now directed through the OSU Foundation for greater ease of administration.

The Friends of the Library in their 1986-87 annual membership/fund raising drive have raised over \$35,000 directed in support of the expansion of the Ava Helen and Linus Pauling Collection.

ALMA MATER

Within a vale of western mountains,
There's a college we hold dear.
Her shady slopes and fountains
Oft to me appear.
I love to wander on the pathway
Down to the Trysting Tree,
For there again I see in fancy,
Old friends dear to me.

(Chorus)

Carry me back to OSU,
Back to her vine-clad halls;
Thus fondly ever in my mem'ry
Alma Mater calls

Dr. Clark

Pastor Martin Niemöller.

In Germany they first came for the
Communists, and I did not speak up because
I was not a communist. They they came
for the Jews, and I did not speak up
because I was not a Jew. They they
came for the Trade Unionists and
I did not speak up because I was
not a trade unionist. Then they
came for the Catholics and I did not
speak up because I was a Protestant.
They they came for me and by
that time no one was left to speak up."
