Dear Dr. Krishnan,

I had sent to you several months back the transcript of your speech at the D.C.M. Technical Conference. I shall be very grateful if you can kindly send it back with whatever corrections you would like to make in the same. The printing of the proceeding has been held up because the transcript of your speech has not been received so far. If you are not able to find time for correcting the same could we publish the same with whatever editing we are able to do. I am hoping for an early reply from you.

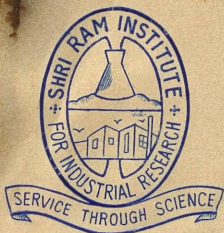

With respectful regards,

Yours sincerely
