Hyderabad.

We saw with great pleasure in the newspapers yesterday, that you had been awarded Rs seventy million by the Honda Foundation. Our congratulations. Your last letter had expressed the anxiety over where funds were to come from, for your research institute. Providence responds very rapidly to your prayers!

Poojati had received a line from Madhava written while they were at Finland recently. We look forward to having them live with us.

Regards to Tina,

Yours sincerely

N.B.
