

Prof. Dr. Krishna Bahadur  
Chemistry Department,  
Allahabad University  
Allahabad.

June 11, 1956.

Dear Colleague,

As you will see from the attached material in August 1957 in Moscow there will be held the International Symposium on the origin of Life which is being convened in accordance with the desire expressed by many scientists working in various fields and various countries to meet and exchange opinion on this most complex and interesting problem.

Notifying you of that I strongly hope that you will agree to participate in the work of the Symposium and I shall have the opportunity of welcoming you in your capital.

The Organising Committee proposes to have all the material of the symposium published in advance. Therefore we beg you to let us know the exact title of your communication at the symposium and the full text of the above-mentioned papers/ approximately 10 pages / not later than November 1st 1956, so that we should be able to publish it in time.

I would appreciate hearing from you at your earliest convenience.

Sincerely yours,

Sd, A.I. Oparia.

Dear colleague,

The 2nd General Assembly of the International Union of Biochemistry, which was held in Brussels in August 1955 expressed the desire to organise in the USSR the International Symposium on the Origin of Life on the Earth.

The Academy of Sciences of the Ussr is planning to hold the International Symposium on the Origin of Life in Moscow, August 19-24, 1957.

The Academy of Sciences will defray all the expenditures connected with the staying of foreign scientists in the USSR ~~in the~~ course of the Symposium, except travelling expenses.

The Organising Committee on the convocation of the Symposium has considered the program of the Symposium which we are forwarding to you. We would appreciate hearing from you as to whether you wish to participate in the Symposium and also would be grateful to receive your considerations dealing with the organization of the Symposium.

Sd, A.I. Oparin  
Chairman of the Organizing Committee.

Sd, C.A. Deborin  
Secretary of the Organising Committee.

Orgcommittee.

Дорогой профессор Бахадур!

Настоящим подтверждаю получение текста Вашего выступления на Симпозиуме - " Реакции, связанные с образованием компонентов, предшествующих синтезу протоплазменных и других биохимически важных веществ, " которое я прочел с большим интересом.

С нетерпением ожидаю нашей встречи в Москве летом будущего года.

Глубоко уважающий Вас-

  
академик А.И.ОПАРИН.

Dear Prof. Bahadur,

Now I acknowledge the receipt of ~~your~~  
the text of your speech (symposium) on "Reactions  
connected with the formation of synthetic com-  
pounds of protoplasm and other biochemical  
important biochemical substances." I read it  
with great interest.

I am looking forward with  
impatient expectation of your arrival in  
Moscow in the coming summer. (Coming year).

My deep respect to you

(sd) (Academic) A. E. Oparin.

9, November 1956.  
City Moscow.

—————→

Dear professor BAHADUR,

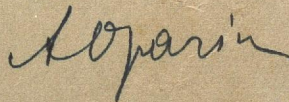

Hereby I acknowledge the receipt of your letter of 4.V.57.

I am glad to inform you that the Academy of Sciences of the URSS has decided to finance your travel to the Symposium and back to India.

On receiving this letter you must to address to the Soviet Embassy, to which your travel money will be sent by the Academy of Sciences of the URSS.

Hoping to see you soon

Yours sincerely

Academician OPARIN .
