

Geneva, August , 1955

Dear Sir:

Pardon me for abruptly sending this letter to you. Reason why I did write to you is that I wonder if I could report on the Mainichi Newspapers -- the vernacular Japanese paper with the largest nation-wide circulation-- your opinion on the International Conference on the Peaceful Use of Atomic Energy.

I, therefore, made up a written questionnaire, and enclosed it herewith. I will be very much obliged if you would kindly send me an answer.

Sincerely yours,

Akira Tsunoda  
Staff Correspondent  
Mainichi Newspapers

P.S. I shall be very glad if you are kind enough to send your reply to the following address.
