BENARES HINDU UNIVERSITY

January, 13, 1947.

My dear Krishnan,

I do not know if you are agreeable to take up the Directorship of the National Physical Laboratory. You may remember about my mentioning to you about this University. It will give me very great pleasure if you consent to take up the Pro-Vice-Chancellorship of this University on a salary of Rs.1500 per mensem plus house and car. It will relieve me of considerable anxiety and put the University on ~~an~~ a satisfactory basis. As so many

developments in Science and Technology are to take place, the presence on the spot of a scientist will be more helpful to the University.

After all, it may not be possible to me to be here very long, and you may have a very good chance of becoming the Vice-Chancellor of this University.

Yours sincerely,

Sir E. S. Krishnan, Kt.,
Professor of Physics,
Allahabad University,
Allahabad.
