

THE METROPOLITAN MUSEUM OF ART
NEW YORK 28, N. Y.

July 15, 1950

Sri K. S. Krishnan, Director
National Physical Laboratory
New Delhi, India

Dear Sir:

I have received a copy of a letter to you from Dr. A. Silverman, who hopes that I will communicate with you. We have a large collection of ancient glass, including the Gréau-Morgan collection, and we shall be glad to answer any of your queries as best we can.

It is not quite clear what it is that you need, but if you wish to acquire some ancient glass I could put you in communication with people here or in London who could supply it.

Sincerely yours
[Miss] Christine Alexander
Curator of Greek & Roman Art
