## Greetings for 1941

---

The cause of peace is in God's good hands. Nothing can happen but by—His Will expressed in His eternal—changeless Law which is He. We neither know Him nor His Law save through the glass darkly. But the faint glimpse of the Law is sufficient to fill me—with joy, hope and faith in the future.

ADDRESS

Dear Prof. Krishnan,

I am sailing back soon  
to Belgium. There is just  
now the winter meetings  
of the am. Phys. Soc. not  
so interesting as this time  
among my best remembering  
of my trip are my talks with  
you. Hoping to see you again  
in Europe, and wishing you  
much success in your work.  
Dear yours, my name
