Dr. K.S. Krishnan,
Chairman,
IGY Nat'l Committee,
National Physical Laboratory of India,
Hill Side Road,
New Delhi.

Dear Sir,

We shall shortly be publishing an article by Admiral Richard Byrd, about his forthcoming South Pole expedition which is being launched in conjunction with the International Geophysical Year of 1957-58.

For the interest of our Indian readers, I wonder if you would be kind enough to let me know in a few words the part India will play in the IGY and your main aims in connection with it.

Unfortunately we are very short of time before the article is published, and I hope you will not mind my asking you to let me have a reply as early as possible (ideally, by return of post). We shall naturally be glad to refund the cost of airmail postage.

Yours truly,

A.F.O. Wethered
