Dear Dr. Krishnan,

Professor Auger has passed on to me your telegram of 10th October in which you informed him that you agreed to prepare the report on the present status of the economic and practical aspects of utilizing solar energy in arid areas.

As soon as we receive the signed copy of your contract, we shall be happy to make arrangements for the payment of the first instalment of your fee.

I am sending you under separate cover a copy of a report which has been prepared on the design of solar energy machines by Dr. Nathan Robinson of Israel.

Yours sincerely,
