December 2, 1980

To

The Registrar,
University of Bombay
Bombay.

Sir,

I had submitted my thesis for Ph.D. degree in Zoology on 10-10-1980 and Viva-voce examination was over on 20-11-1980. I have now received your letter no.Th/7739 of 1980 dated 1-12-1980 informing that I have been declared eligible for the said degree.

As I am planning to go abroad for a post-doctoral assignment in the near future a degree certificate in hand will be helpful for me. I therefore request, as a special case, I may kindly be permitted to apply for the forthcoming convocation to be held this month in order to avoid unnecessary delay waiting for the next convocation.

I hope you will consider my case sympathetically.

Thanking you,

Yours faithfully,

(Krishnaja, A.P.)
