Professor Sir Krishnan, Kt., F.R.S.,
c/o Dr. Bhagvantam,
Scientific Liaison Officer to the High
Commissioner for India,
Room No.6, 3rd Floor,
Africa House,
Kingsway,
LONDON, W.C.2.

Dear Sir,

We have been advised by Mr. Ganguli of The Scientific Instrument Co. Ltd., India that you may be interested in having a discussion on the many new vacuum products and complete plant which we can offer and which may be of particular interest in the equipping of the Indian National Physical Laboratory. Unfortunately, literature on these new items will be several months before completion and as we have now expanded our manufacturing facilities we feel that a visit would give you a very good picture of advanced vacuum equipment and techniques. At the same time in view of the number of Indian Scientists, possibly some of them your own colleagues, who are in the country at the moment, we should be glad to have the names of any of them to whom we may extend this invitation.

Looking forward with interest to your reply, we remain,

Yours faithfully,
pp. W. EDWARDS & CO. (LONDON) LTD.

E.J. WARREN.
