Dr. K.S. Krishnan,  
Director, National Physical  
Laboratory,  
New Delhi.

Dear Sir,

The Editor of "Eastern World", one of Britain's leading journals on Asian affairs, is very keen to publish authentic articles on the constructive activities of New India. Apart from Europe, the United States and Canada, the journal circulates widely in the countries of S.E. Asia and the Far East, and is now in its fourth year of publication.

I shall be most obliged if you will very kindly spare some time to enable me to discuss with you the subject of "Facilities For Atomic Research In India". Should you so desire you may send me, at your convenience, an exclusive statement stating your views on the subject.

May I add that I am the authorised representative in India of "Eastern World" (London) and, if required, shall be pleased to present the Editor's letter of authority.

I am enclosing a recent issue of "Eastern World" for your perusal.

Looking forward to a favourable reply,

Yours faithfully,

*Alfred J. Edwin*
