August 21, 1989.

My dear *Swami,*

Thank you very much for your letter dated August 9, 1989, enclosing a copy of the Report of the Working Group on Agricultural Research and Education constituted by the Planning Commission, along with your covering letter to Dr. Y.K. Alagh. I am glad to have this report; and look forward to going through it in detail, particularly from the viewpoint of integrating the science and technology component of this important sector with that of other sectors e.g., biotechnology, space, meteorology, as also environment, land and water use/management, etc.

With warm regards,

Yours sincerely,
