

RADIO RESEARCH COMMITTEE
COUNCIL OF SCIENTIFIC & INDUSTRIAL RESEARCH

CHAIRMAN

Sir K. S. KRISHNAN, F. R. S.

NATIONAL PHYSICAL LABORATORY OF INDIA

HILLSIDE ROAD, NEW DELHI-12

REF. NO.

9. 8. 55

Dear Dr Krishnan:

~~The~~ We received a letter after you left from Dr Nicolet about the Mexico meeting on Cosmic Rays. It appears that although the International Congress on Cosmic Radiation to be held in Mexico during September 10-15 is organized by the IUPAP, there will be a joint meeting of IUPAP and CSAGI on 14th September. There were certain details about the meeting in Dr Nicolet's letter which I thought would be of interest to Dr Sarabhai, and so I sent a copy to him.

I have, on your behalf, informed Dr Nicolet that Dr Sarabhai will represent India in the IUPAP-CSAGI meeting of 14th September. I have also forwarded Dr Sarabhai's note on cosmic Ray programme and his draft resolution to Dr Nicolet, as he wanted advance material on the subject.

I thought I would inform you of these steps in case you wanted anything else to be done in connection with the CSAGI meetings in Brussels.

With regards.

A. P. Mitra
