Dr. K.S.Krishnan, F.R.S.
Director,
National Physical Laboratory,
Hillside Road,
New Delhi.

Dear Dr.Krishnan,

I have received a copy of letter dated 26th October addressed to you by Mr.R.S.Wright, General Manager of the Olin Mathieson Chemical Corporation of New York. The letter is in connection with the possible use of roll bond aluminium sheets for the utilisation of solar energy. In this connection, I had talked to you in Delhi the other day, and you were kind enough to suggest that even though Dr.Mathur is away, you would be able to have this looked into, so that information could be sent to New York about the size of sheets which could be forwarded to you. I shall be grateful for your early action in this matter.

With best regards,

Yours sincerely,

Vikram A. Sarabhai
