Dear Sir,

With reference to my letter dated July 22nd, 1953, No.B/146/3410, I have the honour to inform you that the Belgian Meteorological Institute does not presently publish any data on the ionosphere.

It will nevertheless do so in the near future, when the ionosphere multifrequency sounding equipment which it possesses will come in operation.

Your request will then be brought again to the attention of the aforementioned Belgian Institute.

Yours faithfully,
