BK

Respected Sir,

I have the honour to put under your kind notice that we are intending to publish a scientific magazine on behalf of the 'Vigyan Parishad' of this institution sometimes in the first week of February 1956. Since this is our first attempt to publish a magazine on behalf of such an association, we most humbly beg for your kind blessings.

A few words on any scientific topic, if possible by your pen, shall decidedly encourage our efforts and vigour.

Most humbly yours,

We remain sir,

Deogian Anand

18.1.1956.
