Dear Professor Joshi:

I have received the ms dealing with the germination of the fractions of seed of Garcinia gummi-gatta. The findings are interesting but the investigators do not seem to know the technical terminology or the old literature on polarity of regeneration. I am therefore carrying the paper to Delhi and modify the presentation of the text. It will take me another 10 days to send the paper back.

It was nice meeting you in Bangalore recently.

Best regards:

Yours sincerely
Moscow Law
