SUBJECT: THEORY OF FLOATS (PERPETUAL MOTION)

SIR,

I HAVE WITH ME A THEORETICAL NOTE CALCULATED AND EXPLAINED BY ME ON POSSIBILITY OF PERPETUAL MOTION DERIVED FROM THE THEORY OF FLOATS.

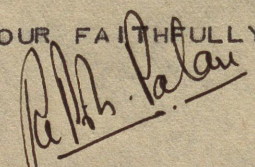

I REGRET TO INTIMATE YOU PERSONALLY, THAT I APPROACHED A GREAT PROFESSOR IN DELHI AND HE COULD ONLY EXPLAIN TO ME IN BRIEF THAT A DEVICE SO SET UP BY ME COULD NOT ISOLATE OWING TO THE FUNDAMENTAL REASON THAT 'A PERPETUAL MOTION IS IMPOSSIBLE IN THE WORLD'. HIS ARGUMENTS WERE BASED ON THE FIRM BELIEF THAT ENERGY COULD NOT BE CREATED WITHOUT APPLYING AN EXTERNAL FORCE.

UNDER THESE CIRCUMSTANCES IT WILL BE A GREAT HELP TO ME IF YOU WILL GO THROUGH MY NOTE, WHICH I SHALL SEND TO YOU IF YOU ARE SO PLEASED AND ORDER ME TO DO SO, AND IF POSSIBLE TO SET UP A DEVICE BY WHICH I LIKE TO KNOW PRACTICALLY WHETHER ISOLATION WITHOUT GIVING AN EXTERNAL POWER IS POSSIBLE OR NOT.

FOR YOUR KIND CONSIDERATION I WILL BE EVERGRATEFUL TO YOU.

THANKING YOU IN ANTICIPATION,

YOUR FAITHFULLY,

  
(P.K.K.PISHARODY)
