My dear Prof. Madhava Rao,

Many thanks for

sending me a bundle of reprints of 38 research papers embodying splendid work done by you.

The paper entitled 'Quantum Mechanics & General Relativity' reminded me of the happy occasion when in my drawing room in Gwyer Hall

Dr. Vaidyanathaswamy and you were engrossed in the discussion on the above topic, and while taking tea, you asked yourself the question 'how many spoons of sugar do you take?'

With best regards, wishing you a very happy and prosperous new year,

Yours sincerely
Ram Behari
