My dear Hedhava Rao,

Many thanks for your letter dated 1 Dec enclosing the reply from your dear friend at Mysore. It was extremely nice of you to have taken all this trouble, but unfortunately due to a change in our programme it is likely that we may not visit Mysore at all. However if we do it will not be before 16 Jan, in which case I shall get in touch with Shri Janshah and we have had a glorious time up till now, hope to be back in Poona by the 20th.

My dear Professor,

I was so happy to receive your letter of the 19th. Please excuse this rather belated reply, the delay being due only to the fact that H.H.'s tour programme for December had not been quite settled. It is now definite that H.H. will be proceeding with the family on a tour of places in North India from the 23rd Dec: to the middle of January next, and I shall in all probability be one of the staff officers accompanying the party.

But even if I should be away when Brigadier and Mrs. Thadani come to Mysore, I shall be only too happy to make previous arrangements to ensure their obtaining the permit to see the Palace and also have somebody from the office to meet them and advise about sight-seeing, etc., in and around Mysore City.

There will be no trouble at all about this. As the lighting at the Dam now takes place only on Saturdays and Sundays, it would be advisable for the trip to Mysore to be arranged over a weekend. Please let me know the (approximate) date of their arrival and where they hope to stay. The hotel at the Dam is of course one of our show places and would be very suitable if this is a first visit to the State. I would have asked you to send the distinguished visitors over to our place to stay during their visit here, but as I have said my remaining at Mysore during the Xmas is very doubtful, and my wife will go to her father's

place at B'lore with the children as soon as I leave.

I am myself trying to get back to Bangalore in some capacity as early as possible, as we are very handicapped here in regard to the education of the children, and I do not like the idea of continuing them all as boarders at this tender age. I have explained my difficulties, and do hope to get a shift in the not too distant future.

I am so happy to know that you are liking your work at Poona. I think the Institute is extremely lucky in availing itself of your services. Have you been keeping up your tennis ? I am afraid I have not seen your brother Bheema Rao after his retirement, and do hope he is keeping fit and well. As a matter of fact, I have almost completely lost touch with all the old College friends, though I do see Vijaya occassionally,

Hoping to hear from you again and with kindest regards,

Yours sincerely,
Parashah
