AIR MAIL

Dear Sir K. Krishnan,

In reply to your letter of 6th June,
we shall be very pleased to see Mr. T.V. Ramamurti
here on or about 7th July. I presume that he
will communicate with me on his arrival in this
country after the Brussels meeting.

Thank you for your comments on my
article in Nature, of which I have sent you a
reprint recently. I also enclose a reprint of
the account of the Commonwealth meeting at which
you were present. It will soon be a year since
we had those pleasant meetings in Sydney.

With kindest regards,
Yours sincerely,

R. L. Smith Rose

NATIONAL PHYSICAL LABORATORY,

18th June, 1956.

Dear Sir K. S. Krishnan,

I was very happy to learn that you are paying a visit to this country and I shall look forward to being present at your lecture at the Royal Society on 28th June.

I am also enclosing an invitation to come to a Garden Party which we are holding here on the afternoon of Saturday, 30th June, if the weather is suitable. I hope very much that you will be able to come if this time is convenient to you.

With kind regards and looking forward to seeing you again,

Yours sincerely,

R. L. Smith Rose
