My Dear Dr. Krishnaan,

On behalf of myself and other Indian students in Princeton, I have great pleasure in extending you an invitation for a visit to Princeton. I would consider a loss to us if we do not attempt to take this opportunity for getting the benefit of your company, especially when you are so near to us in this foreign land. I hope it will not be a much of consideration for you to spare some time for a group of ten Indian students.

Our friend Mr. Pande was kind enough to tell us of his having met you recently at Pittsburg. It was only from him that I could get your exact address when he told that you would be deeply interested in visiting Radio Corporation of America.

I hope to be favoured with an early reply.

Yours Sincerely,

J. D. Parikh
