New Delhi,
May 11, 1947.

My dear Professor,

I went over to Sir. Sri Ram's house in 20 Curzon Road on the 3rd, 4th, 5th. and 6th. I was told that ^{they} you had no information about your arrival. I presume that you had to make some change in the programmed I shall be staying in Delhi. Please let me know when you will be coming to Delhi next.

The Forman College authorities did not renew my appointment from the 31st. of March and on the 1st. of April I came away to Delhi and I am staying at the above address. I shall be very much obliged if you could help me in any way. I am not very much particular of sticking on to the teaching line, eventhough I like the profession very much. There was an advertisement about the University of Sagour in C.P. There were three posts for Physics. Could you send me a letter in the form of a testimonial so that I could include it in the application? There was another post advertised ~~from~~ ^{by} the Christ Church College Cawnpore. Do you know anybody there?

I hope you will be visiting Delhi before you leave for England. Of course if there is a chance for me to fit in somewhere in the National Physical laboratory it will be a great help to me and I would love the work.

With respectful regards,
Yours sincerely,

V. C. Varghese.

PS
I am sending by separate post
a copy of the Crystal optics study
I have made. vcv
