Dear Dr. Krishnan,

It is very kind of you to have promptly spoken about me to Shri Rangrao and I thank you for it. He phoned me yesterday and promised me to send me the books required.

I spoke to Miss Adinarayan about <sup>her</sup> getting registered for M.Sc. and I have asked her to see you in that respect. Not only as an eminent Scientist but Dr. Krishnan as a man, as I know you, I am confident, you will help her in her pursuit of scientific studies. The application has got to be sent in the month of August, so I hope that you will please see how to arrange the things before you leave for Europe.

With kindest regards,

Yours sincerely,

R. S. Diwan

Dear Mr Dewan,

I have discussed the matter of Miss Adinarain registering herself for MSc work and I shall do my best to make it possible for her to submit the theses for her Degree.

Sri Ranga Rao told me that he was expecting you at the meeting on Sunday last. We were sorry to miss you.

With kind regards

yours sincerely

Dear Dr. Krishnan,

I am enclosing herewith the challenging article against the 'ATOMS FOR PEACE' movement. It is for you, the scientists, to reply it and satisfy the curious but not sceptic world of ours.

I learn that you are again going abroad by the end of this month. If so, can I know before you leave, whether Miss Adinarain will be enabled to submit her thesis to the Madras University for MSc. Have you received any reply from the University?

Excuse ~~for~~ for persisting the matter. It is only to remove the suspense and unburden the mind of great strain. Hope you will please spare a few/minutes/ to clarify the situation.

With regards,

yours sincerely.
