To,

Dr. N.V. Joshi.

Centre for Ecological Sciences

Indian Institute of Science,

Bangalore, 560012.

Dear Dr. Joshi,

Your visit to Pune was beneficial to our group in number of ways, knowing Dr. Manellic is one for instance. Once he came to know about our problem of digitizer he was keen on solving it at the earliest. His friend Mr. Vivek Chavan came here and in fact made the digitizer functioning. Our problem is not solved yet completely since the available packages are not doing the job that we want and the program available with Dr. Sitaramam (which is doing the right kind of job for us) is not usable on our AT. However we can fight with this problem.

Looking forward to your next visit
sincerely yours
S. Arunp.
