Dear Professor Krishnan,

I have just returned from a visit to Princeton where many of your friends made kind enquiries about your health. Several of your ICSU colleagues in Europe also asked me to give you their regards. In the post card which your Assistant sent me towards the end of August he said that you were progressing very well and that what you needed was complete rest. I hope you have enjoyed the necessary rest and that you are well on your way to recovery.

With warmest personal regards,

Sincerely yours,

K. Chann Sekhram

Dear Professor Krishnan,

I have taken up the question of printing the
SELECTA in right earnest. Would you be so kind as to
send me your reprints as quickly as possible? The printer
has to take a look at them before he can give a firm
estimate.

With warmest personal regards,

Cordially yours,

K: Chandrasekharam
